Standards of Review

Please provide justification as to how the request meets the following Standards for Approval as set forth in the Village of Channahon Municipal Code. Additional sheets may be attached, if necessary.

Per Municipal Code section 156.197(C) the Planning and Zoning Commission shall not vary the provisions of Zoning Regulation chapter, unless it shall have made findings based upon the evidence presented to it in the following cases:
(a) <i>The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations governing the district in which it is located. Provide information to support this statement.</i>

(b) *The plight of the owner is due to unique circumstances.* Provide information to support this statement.

(c) *The variation, if granted, will not alter the essential character of the locality.* Provide information to support this statement.

For the purpose of supplementing the above standards, the Planning and Zoning Commission, in making this determination whenever there are practical difficulties or particular hardship, shall also take into consideration the extent to which the following facts, favorable to the applicant, have been established by the evidence:

(d) How will the particular physical surroundings, shape or topographical conditions of the specific property involved bring a particular hardship upon the owner as distinguished from a mere inconvenience if the strict letter of the regulations were to be carried out?

(e) How would the conditions upon which the petition for variation is based not be applicable generally to other property within the same zone's classification?

(f) Is the purpose of the variation based exclusively upon a desire to make more money out of the property?

(g) Is the alleged difficulty or hardship created by any person presently having an interest in the property?

(h) Would the granting of the variation be detrimental to the public welfare or unduly injurious to other property or improvements in the neighborhood in which the property is located?

(i) Would the proposed variation impair an adequate supply of light and air to adjacent property, or substantially increase the danger of fire or otherwise endanger the public safety, or substantially diminish or impair property values within the neighborhood?

Required Public Notices

Unless otherwise confirmed below by acknowledgement of intent to complete notices, the Village of Channahon will complete all ordinance required public notice postings no less than 15 days and no more than 30 days prior to the scheduled public hearing. Such notices include the following:

- Posting of a sign on the subject property every 500 linear feet of street frontage with a minimum of 1 sign on each street abutting the property;
- Public Notice in a newspaper of general circulation;
- Written notice to the owner of record, as shown on the record of the local real estate tax collector, of all lots lying within 250 feet, exclusive of right-of ways, of the property line for which the request is sought.

Only if Petitioner chooses to complete written notices. As petitioner I would like to complete the required written notices and take full responsibility for the accuracy and timeliness of said notices. Prior to mailing said notices I will confirm with village staff the ordinance required content of the letters, method of sending letters and required affidavit of notice.
